MEMORANDUM FOR: Deputy Director for Administration

THROUGH   :   Chief, Interactive Systems Branch
                     Chief, Systems Programming Division
                     Deputy Director for Processing, ODP
                     Director of Data Processing

FROM   :   _____   STAT
                     Interactive Systems Branch, SPD/ODP

SUBJECT   :   Chairing Sessions at the SHARE 60.5 Conference

1.   I request permission to appear before a non-Government group as
provided for in _____   STAT

2.   When approved, I will chair three meetings at the SHARE 60.5
Conference in Phoenix, Arizona, during the week of 22 May. All but one of
these meetings will be open to all attendees. I will be attending the confer-
ence as a representative of the Agency and I am serving as the Manager of
the VM Group within the SHARE organization. The audiences are expected to
be comprised of up to 120 persons from the United States and Canada repre-
senting organizations running large IBM computers. The meetings will be
held in the Phoenix Hilton Hotel; the risk to employee safety is minimal.
Members of the press are barred from attending sessions at this conference.

3.   I will be moderating discussions; none of my remarks will be classi-
fied or controversial. The sessions that I am scheduled to chair are:

   a.   VM Group Opening. Representatives of SHARE member installations
        will discuss group business and technical issues of general interest
        to users of the VM/CMS computer system.

   b.   Executive Review. The staff of the VM Group will brief the SHARE
        Board of Directors and Advisory Council on the status and plans of
        the VM Group. Administrative and technical issues will be reviewed.
        Attendance at this meeting will be by invitation only.

   c.   VM Security Requirements. Participants in a committee sponsored
        jointly by the SHARE VM/System Management and Computer Security
        Projects will discuss requirements for security-related enhancements
        to IBM's VM/CMS computer system.

   d.   VM Group Closing. Work completed at the conference will be
        reviewed and unresolved technical issues will be addressed.

SUBJECT: Chairing Sessions at the SHARE 60.5 Conference

In addition, I will chair several private meetings between IBM executives and selected representatives from SHARE member installations. The Agency runs the largest VM/CMS computer system in the world. It is through the visibility we enjoy in organizations such as SHARE that we are able to attract skilled computer scientists to the Agency, as well as to influence the decisions of the computer vendors upon whom we are dependent.
